We are within thirty-five miles of railroad connection, and intend to resume transacnon- with the Richmond merchants with whom we have dealt for the last twenty or thirty years. We are near the State line, and are surrounded by grand and wild scenery. it is true we have not the "Hawk's Nest nor "Lover's Leap," yet we can boast of the "New Niagara" and "Lonesome Knob"

equally enchanting.

The country is desolate and sterile, like the "New River" region; lies along and adscent to the south fork of the Cumberland river. This, the Cincinnati Southern railroad, as you may know, will be intersected at the Kentucky State line by the railroad leading from Knoxville, Tenn., known as knowville and Objo railroad. V. Confirmation at the Theological Seminary.

In the chapel of the Theological Seminary of Virginia on Sunday, March 22d, Bishop Johns administered the apostolic rite of confirmation to twenty-seven persons. Of this number fourteen are students of the Episcopal High School, in the neighborhood. It is satisfactory to see such results from the religious influences thrown around the pupils in that institution. The chapel, which had been condemned a

week ago, was made secure, as it is thought by many, by props being placed under the roof as a temporary support. Every effort, however, will be made to procure sufficient means to put up a new building, a "consummation devoutly to be wished " by every F. X. kiend of the Seminary.

PROHIBITORY LIQUOR LAWS NUGATORY .-A case has just been decided in Boston Mass., which substantially renders prohibitory liquor laws nugatory. A few weeks stock of liquors in a bar-room was seized by the State constables, and the proprictor of the place was arrested and tried or violating the prohibitory liquor law. In the detence of the prisoner it was insisted that the goods seized were in the original package, as imported, and that there were only a lew bottles on the bar, at the time of the seizure, exhibited as samples, and did Wayne, Ind., on his death-bed, confessed not have the effect of breaking the original package, nor take it from under the jurisdiction of the federal law. The court in charging the jury coincided with this view of the case. The prisoner was acquitted.

DRUNKENNESS NO EXCUSE FOR CRIME.-In the Court of General Sessions at New York on Monday Thomas Mulholland, a brickand prayer, the time for holding the sessions layer, was sentenced to three years and six months for causing the death of his wife in a drunken affray. The judge in pronouncing sentence said it ought to be emphatically understood, once for all, that intoxication is no excuse for crime, but rather an aggravation of it. The enforcement of that rule would be continued by him until every man knew that if drunkenness induced him to commit crime he must suffer for it.

FROM THE VOLCANO. - A telegram to the Raleigh News says:

" RUTHERFORD COUNTY, March 21. "I have just returned from an extensive exploration of Stone and Bald mountains to roost for the night at Chimney Rock, foot of Bald mountain. On Stone mountain I met a number of scientifics from South Carolina Cellege, including the State Geologist from that State. I experienced the shocks and convulsions on both mountains, but they were most severe on Stone mountain, which is really the seat of the volcanic disturbances. The people are much excited and alarmed."

The excitement and buoyancy which prevailed during the day in the Wall-street markets subsided somewhat at the close, and there was a sharp reac tion from the early advance. This was the result of realizations, the delay of the Senate on the fluancial question, some reports from Washington less favorable to inflation, and the fact that the Western Union directors did not declare the expected lividend at their meeting to-day. The events of the day in Wall street, taken alto
